Digital Clinic Platform

Dr. Khokha

ABOUT THE PLATFORM

What is e-Medi Plaza?

e-Medi Plaza is Dr. Khokha's dedicated platform for digital healthcare providers — clinics, individual practitioners, and multi-specialty groups — who want to deliver professional care online without building their own infrastructure.

Whether you are an independent doctor or a group clinic, e-Medi Plaza gives you a fully managed digital workspace: patient scheduling, video consultations, digital prescriptions, health record access, and more — all in one place.

CORE FEATURES

Everything You Need to Deliver Digital Care

Online Consultations

Secure video and chat consultations with patients — no separate tool needed.

Appointment Management

Smart scheduling with automated confirmations and patient queue management.

Digital Prescriptions

Issue signed digital prescriptions instantly after each consultation.

Health Monitoring

Track patient vitals, lab results, and health history across visits.

Patient Records & Reports

Centralized digital health records and complete patient history — always accessible.

Notifications & Follow-ups

Automated follow-up reminders, appointment alerts, and prescription notifications.
